

STUDENT VEHICLES ON SCHOOL PROPERTY

Use of school roads and parking lots is a privilege extended to students by the Board. Each building principal shall establish rules related to the forms of student transportation permitted on school property, the parameters of their use, consequences for misuse, and traffic safety. At a minimum, students shall be expected to observe all driving, safety, and noise control ordinances and/or laws. The District will coordinate with the local police department in order to help ensure traffic safety coverage on and around school property.

Searches of Vehicles

When student vehicles are parked on school property, the school retains the authority to inspect the interior of a vehicle when a school official has reasonable suspicion that the vehicle contains illegal or unauthorized materials. Such inspections shall be conducted in accordance with the district’s policy on searches of students’ personnel property.

Prohibition on Use for Errands

Students shall not be sent on school errands with cars.

Prohibition on Use of School Vehicles During the School Day

Students shall not drive during school hours or a lunch except in an emergency and with the permission of the principal and a parent or guardian.

Prohibition on Use of School Vehicles for Travel to Practice and School Events

Students participating in off campus district sponsored activities, including, but not limited to, practices, games, meetings, competitions, and conferences, including all school sponsored events, are required to travel on school buses or by other District designated method of transportation. Students may only drive after they are under the supervision of their parents and they have been checked out of a school event, game, or practice.
